Victor® Snake-A-Way® Hose End Spray

General Information

Victor® Snake-A-Way® hose-end spray effectively repels snakes from areas around houses, cabins, trailers, garages, barns, woodpiles, trash cans, flower beds, and more. When used as directed, this ready-to-spray formula emits an odor that drives snakes away from the treated areas without causing harm to people, pets, or plants.

Directions for Use

For outdoor use only. Ensure sprayer knob is in the OFF position, shake bottle. Attach garden hose tightly to sprayer head. Turn hose on to full pressure, adjust knob to ON by turning clockwise. Spray the general area you are experiencing snake activity, then coat a 6 inch wide band around area. Treats an area of 500 sq ft. Do not apply directly to food crops intended for consumption. Before making widespread applications, it is recommended to test a small area of each type of plant to be treated to make sure that this product will not damage the plant. Do not water in the area after application. Reapply after heavy rains for the best results.

Storage & Disposal

STORAGE: Store only in original container in a dry place inaccessible to children and pets.

DISPOSAL: If Empty: Non-refillable container. Do not reuse or refill this container. Place empty container in trash or offer for recycling if available. If Partly Filled: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Never place unused product down any indoor or outdoor drain.

Precautionary Statements

Avoid contact with eyes as product may cause eye irritation. Avoid prolonged contact with skin or clothing as irritation may occur for certain individuals. Wash contacted skin thoroughly with soap and water after handling this product. Remove contaminated clothing and wash before reuse.

First Aid

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. If irritation persists, call a physician.

IF ON SKIN: Wash area thoroughly with soap and water. Promptly remove contaminated clothing. If irritation persists, call a physician.
